

Premium GOLD GRAIL Gin – 50 cl

"Where the ruggedness of the Mountain meets the freshness of the Sea"

Gold Grail Gin is a Premium Gin, distilled in its own still with a distillation column of three stages and flavored with Carqueja Blossom and Salicornia.

Gold Grail Gin compiles the unique concept of the link between the robustness of the Mountain and the freshness of the sea, with a little tropical touch given by Fava Tonka, associated with the mystery of the remaining botanists that compose it.

PRODUCTION METHOD - 100% Handmade

Produced from a neutral alcohol with 96% of volume made from a base of wheat and rice to which water is then added to lower it to 50%, **Gold Grail Gin** is distilled with 13 botanists.

In the process only 4/5 of the botanists are added to the alcohol (50% vol.) for the maceration of 72 hours, after which time the coercion is made.

The liquid then enters a small 80-liter copper still. The 1/5 botanists left outside are then added to a suspended net within the still. In this way, only the distillate vapor has contact with these botanists.

The result is a gin with 42% alcohol with a salty touch resulting from the use of Salicornia, but to which Carqueja Flower adds the sweetness that brings its balance.

INGREDIENTS

Cereal Alcohol, Botanics and Water.

ANALYSIS

- **Alcohol Content:** 42% vol.
- **13 Botanics:** Almond, Juniper, Coriander, Carqueja Blossom, Salicornia, Haba Tonka, Goji Berries, Cardamom, Lemon, Pink Peppercorn, Nutmeg, Lemon Thyme, Flower Gorse.
